The Office will begin mailing address labels with the PTOL-85, "Notice of Allowance and Issue Fee Due" for patent applications allowed in all Technology Centers. These address labels should be used to ensure proper routing of post-allowance correspondence. This directive supersedes the "Special Boxes for Patent Mail" instruction. Automatic Refund of Overpayments of $25 or Less for a Limited Period

The President signed into law the United States Patent and Trademark Office Reauthorization Act, Fiscal Year 1999 (H.R. 3723, Pub. L. 105-358) on November 10, 1998. It provides for new fee amounts under 35 U.S.C. 41 (a) and (b). The PTO published a final rule in the Federal Register on December 8, 1998 at 63 *Fed. Reg.* 67578 and in the Ott]cial Gazette on December 29, 1998 at 1217 *Off. Gaz. Pat. Office* 148 amending the rules of practice in patent cases to indicate the new patent the amounts. These fee provisions were effective as of November 10, 1998, except for the fee amounts in 37 CFR 1.17(r) and (s), and 1.21 (a)(6)(ii), which were effective on December 8, 1998.

Pub. L. 105-358 was enacted without much advance warning and many customers, not yet aware of the changes in the fee amounts, have overpaid. Many of the fee reductions made by

Pub. L. 105-358 are $25 or less. Normally, because of the costs associated with processing refunds, the PTO refunds the overpayments of $25 or less only upon request. **The PTO, however, will waive the requirement of 37 CFR 1.26(a) and automatically refund all overpayments of $25 or less paid during the period from November 10, 1998 through January 10, 1999.**

If you have any questions about the new patent fees, please contact the Patent Assistance Center at (703) 308-4357 or (800) PTO-9199.

Reference Collections of U.S. Patents and Trademarks Available for Public Use in Patent and Trademark Depository Libraries

The following libraries, designated as Patent and Trademark Depository Libraries (PTDLs), receive patent and trademark information from the U.S. Patent and Trademark Office. Many PTDLs have on file patents issued since 1790, trademarks published since 1872, and select collections of foreign patents. All PTDLs receive both the patent and trademark sections of the *Official Gazette of the U.S. Patent and Trademark Office* and numerical sets of patents in a variety of formats. Patent and trademark search systems in the Cassis CD-ROM series are available at all PTDLs to increase access to that information. It is through the CD-ROM systems and other depository materials that preliminary patent and trademark searches may be conducted through the numerically arranged collections.

Each PTDL offers reference publications which outline and provide access to the patent and trademark classification systems, as well as other documents and publications which supplement the basic search tools. PTDLs provide technical staff assistance in using all materials.

All information is available for use by the public free of charge. However, there may be charges associated with the use of on-line systems, photocopying and related services.

Since there are variations in the scope of patent and trademark collections among the PTDLs, and their hours of service to the public vary, anyone contemplating use of these collections at a particular library is urged to contact that library in advance about its collections, services, and hours in order to avert possible inconvenience.

Partnership PTDLs provide enhanced and expanded services for which fees are charged. They offer on-line patent text and image searching, on-line trademark searching, and videoconferencing for examiner interviews and workshops. They accept disclosure documents on site, order file wrappers, assignment documents and certified copies for their customers, and host a variety of seminars aimed at specific audiences, including practitioners, paralegals, and independent inventors. Currently, partnerships are located at the Great Lakes Patent and Trademark Center (GLPTC) at the Detroit Public Library in Detroit, Michigan and the Sunnyvale Center for Innovation, Invention and Ideas (SCI[3]) in Sunnyvale, California.
